

SOUTHERN MAINE ASSOCIATION FOR RIDING TRAILS

JULY 2017 TRAIL RIDE

Trails consist primarily of dirt/gravel fire roads connecting multiple woodland trail loops. The 10 mile loop includes a 6/10th of a mile each way up and back on a quiet paved road with a good shoulder. There are some rocky areas and shallow water crossings. These are mix use trails so expect to encounter an occasional biker or hiker. Motorized vehicles are prohibited, but we do come across them once in a while.

Please consider the time factor if you don't want to miss lunch! 10 miles at a walk is 2.5 hours so if you want to do more, you'll have to move along! This is a new ride for the club and we are really looking forward to it!
